THE
COMMERCIAL ANNUAL:

OR,

A Tabular Statement

OF THE

EXTERNAL COMMERCE OF BENGAL,

DURING THE YEARS

1840-41 AND 1841-42.

BY

E. WILKINSON,

EXPORT SUPERVISOR, CALCUTTA CUSTOM HOUSE,

COMPILER AND PUBLISHER OF THE FOLLOWING PERIODICALS,

*The Weekly Report of Exports—the Monthly Shipping Lists—the Calcutta
Commercial Guide to Imports and Exports—and the Quar-
terly Statements of Export Cargoes, from hence
to Europe and America.*

CALCUTTA:

Bishop's College Press.

1842.

P R E F A C E.

The return of the Compiler from England, enabled him to resume charge of the “Annual” in January last, and he hopes that its early publication this year, will afford a sufficient guarantee to his Supporters, that his anxiety to supply them with as early information of the mercantile operations of the past commercial year, as a due regard to correctness will admit of, has not in the slightest degree abated.

An increased demand for last year’s “Annual” having satisfied the undersigned, that the plan adopted by *Mr. Campbell*, of prefixing an “Abstract of the results shewn by the Tables embodied in this work, in order to facilitate the enquiries of those who have not sufficient leisure to wade through long figured statements,”—met with public approbation,—the Abstract has been given in the Volume for the present year.

Adverting to the remarks made by the Editor of the *Calcutta Star*, in reviewing the *Commercial Annual* for 1840-41, the Compiler would be happy to make the “Annual” a more perfect record for statistical reference than it is, as now published, did not the pressure of his official avocations, render it impossible for him to devote more time to its preparation, than that involved in the examination and correction of the numerous Tables it contains.

E. WILKINSON.

An Abstract of the results shewn in the annexed Tables.

The decrease in the value of *Imports* for the past Mercantile year 1841-42, on a comparison with the *Imports* of the preceding year, amounts to Company's Rupees 43,80,949; and the increase in the *Exports* to Company's Rupees 2,47,294. (1).

A Memo. of those articles of Merchandise, on which this decrease in the Importation is principally observable, and those which have contributed to the increase in the Exports is here annexed :—

* This is the decrease on the Imports from Great Britain alone. The *Net* decrease, as shewn in the 1st Column (45,082 ps.) is after the deduction of an increase from other quarters. This remark will serve to account for any similar apparent discrepancies between the *Net* decrease or increase, and that shewn as from any *one* specified place.

The Increase and Decrease in all other articles of Import and Export, (of minor note,) will be seen in the Tables headed IMPORTS GENERAL and EXPORTS GENERAL, pages 44 and 47.

N. CAMPBELL

CALCUTTA JULY 1841.

PREFACE.

The preparation of the "Commercial Annual" for the past Mercantile Year was entrusted to me by Mr. Wilkinson, on his departure for England on leave.

Independent of a conviction that the chief value of a Compilation of this description consists in its correctness, it has been my anxious endeavour to merit the confidence reposed in me by the Proprietor of the Annual. With reference therefore to the great care bestowed upon their preparation, I hope I may venture to anticipate that but few (if any) errors will be discovered in the Tabular Statements, herein submitted for the information of the Mercantile Community.

I have made a slight addition to this year's Annual, by prefixing an Abstract of the results shewn in the Tables, in order to facilitate the inquiries of those who have not sufficient leisure to wade through long figured Statements.

N. CAMPBELL.

An Abstract of the results shewn in the annexed Tables.

The increase in the value of *Imports* for the past Mercantile year 1840-41, on a comparison with the *Imports* of the preceding year, amount to Company's Rupees 80,18,490; and the increase in the *Exports* to Company's Rupees 1,32,87,179, (1).

A Memo. of those articles of Merchandise, which have chiefly contributed to the increase just quoted, is here annexed :—
